What's New in DSM-5? A Quick Guide

Preface

Acknowledgments

About the Authors

1 Abnormal Psychology: Overview and Research

Approaches

What Do We Mean by Abnormality?

Indicators of Abnormality

The World Around Us Extreme Generosity or Pathological Behavior?

Thinking Critically about DSM-5 What Is the DSM and Why Was It Revised?

The DSM-5 and the Definition of Mental Disorder

Classification and Diagnosis

What Are the Disadvantages of Classification?

How Can We Reduce Prejudicial Attitudes Toward People Who Are Mentally Ill?

Culture and Abnormality

How Common Are Mental Disorders?

Prevalence and Incidence

Prevalence Estimates for Mental Disorders

The Global Burden of Disease

Treatment

Mental Health Professionals

Research Approaches in Abnormal Psychology

Sources of Information

Case Studies

Self-Report Data

Table of Contents

Observational Approaches

Forming and Testing Hypotheses

Sampling and Generalization

Internal and External Validity

Criterion and Comparison Groups

Correlational Research Designs

Measuring Correlation

Statistical Significance

Effect Size

Meta-Analysis

Correlations and Causality

Retrospective versus Prospective

Strategies

The Experimental Method in Abnormal

Psychology

Studying the Efficacy of Therapy

Single-Case Experimental Designs

Developments in Research Do Magnets Help with Repetitive-Stress Injury?

Animal Research

Unresolved Issues Are We All Becoming Mentally Ill? The Expanding Horizons of Mental

Disorder

Summary

Key Terms

2 Historical and Contemporary Views of Abnormal Behavior

Historical Views of Abnormal Behavior

Demonology, Gods, and Magic

Hippocrates' Early Medical Concepts

Developments in Thinking Melancholia Through the Ages

Early Philosophical Conceptions of Consciousness

Later Greek and Roman Thought

Early Views of Mental Disorders in China

Views of Abnormality During the Middle Ages

Toward Humanitarian Approaches

Table of Contents

The Resurgence of Scientific Questioning in Europe

The Establishment of Early Asylums

Humanitarian Reform

Nineteenth-Century Views of the Causes and Treatment of Mental Disorders

Changing Attitudes Toward Mental Health in the Early Twentieth Century

The World Around Us Chaining Mental Health

Patients

Mental Hospital Care in the Twentieth Century

The Emergence of Contemporary Views of Abnormal Behavior

Biological Discoveries: Establishing the Link Between the Brain and Mental Disorder

The Development of a Classification System

Development of the Psychological Basis of Mental Disorder

Developments in Research The Search for Medications to Cure Mental Disorders

The Evolution of the Psychological Research Tradition: Experimental Psychology

Unresolved Issues Interpreting Historical Events

Summary

Key Terms

3 Causal Factors and Viewpoints

Risk Factors and Causes of Abnormal Behavior

Necessary, Sufficient, and Contributory Causes

Feedback and Bidirectionality in Abnormal Behavior

Diathesis-Stress Models

Perspectives to Understanding the Causes of Abnormal Behavior

The Biological Perspective

Genetic Vulnerabilities

Developments in Thinking Nature, Nurture, and Psychopathology: A New Look at an Old

Table of Contents

Topic

Brain Dysfunction and Neural
Plasticity
Imbalances of Neurotransmitters and
Hormones
Temperament
The Impact of the Biological
Viewpoint

The Psychological Perspective

The Psychodynamic Perspective

Developments in Thinking The Humanistic and Existential Perspectives

The Behavioral Perspective
The Cognitive-Behavioral Perspective
What the Adoption of a Perspective Does and Does Not
Do

The Social Perspective

Early Deprivation or Trauma
Problems in Parenting Style
Marital Discord and Divorce
Low Socioeconomic Status and
Unemployment
Maladaptive Peer Relationships
Prejudice and Discrimination in Race, Gender, and
Ethnicity
The Impact of the Social Perspective

The Cultural Perspective

Universal and Culture-Specific Symptoms of
Disorders
Culture and Over- and Undercontrolled
Behavior

The World Around Us Culture and Attachment Relationships

Unresolved Issues Theoretical Perspectives and the Causes of Abnormal Behavior

Summary
Key Terms

4 Clinical Assessment and Diagnosis

The Basic Elements in Assessment

The Relationship Between Assessment and
Diagnosis
Taking a Social or Behavioral

Table of Contents

History

Ensuring Culturally Sensitive Assessment
Procedures

The Influence of Professional
Orientation

Reliability, Validity, and
Standardization

Trust and Rapport Between the Clinician and the
Client

Assessment of the Physical Organism

The General Physical Examination

The Neurological Examination

The Neuropsychological Examination

Psychosocial Assessment

Assessment Interviews

The Clinical Observation of Behavior

Psychological Tests

Developments in Practice The Automated Practice: Use of the Computer in Psychological Testing

The Case of Andrea C.: Experiencing Violence in the Workplace

Developments in Practice Computer-Based MMPI-2 Report for Andrea C.

The Integration of Assessment Data

Ethical Issues in Assessment

Classifying Abnormal Behavior

Differing Models of Classification

Formal Diagnostic Classification of Mental
Disorders

Unresolved Issues The DSM-5: Issues in Acceptance of Changed Diagnostic Criteria

Summary

Key Terms

5 Stress and Physical and Mental Health

What Is Stress?

Stress and the DSM

Factors Predisposing a Person to
Stress

Characteristics of Stressors

Table of Contents

Measuring Life Stress

Resilience

Stress and Physical Health

The Stress Response

The Mind-Body Connection

Understanding the Immune System

Stress and Immune System Functioning

Stress and Cytokines

Chronic Stress and Inflammation

Stress and Premature Aging

The World Around Us Racial Discrimination and Cardiovascular Health in African Americans

Emotions and Health

Personality

Depression

Anxiety

Social Isolation and Lack of Social

Support

Positive Emotions

The Importance of Emotion Regulation

Treatment of Stress-Related Physical Disorders

Biological Interventions

Psychological Interventions

Stress and Mental Health

Adjustment Disorder

Adjustment Disorder Caused by

Unemployment

Posttraumatic Stress Disorder

Thinking Critically about DSM-5 Changes to the Diagnostic Criteria for PTSD

Acute Stress Disorder

Posttraumatic Stress Disorder: Causes and Risk Factors

DSM-5 Criteria for... Posttraumatic Stress Disorder

Prevalence of PTSD in the General Population

Rates of PTSD after Traumatic Experiences

Causal Factors in Posttraumatic Stress

Table of Contents

Disorder

Individual Risk Factors

Biological Factors

Sociocultural Factors

Long-Term Effects of Posttraumatic

Stress

Prevention and Treatment of Stress

Disorders

Prevention

The World Around Us Does Playing Tetris After a Traumatic Event Reduce
Flashbacks?

Treatment for Stress Disorders

Trauma and Physical Health

The World Around Us Virtual Reality Exposure Treatment for PTSD in Military
Personnel

Unresolved Issues Why Is the Study of Trauma So
Contentious?

Summary

Key Terms

6 Panic, Anxiety, Obsessions, and Their Disorders

The Fear and Anxiety Response

Patterns

Fear

Anxiety

Overview of the Anxiety Disorders and Their
Commonalities

Specific Phobias

DSM-5 Criteria for . . . Specific
Phobia

Prevalence, Age of Onset, and Gender

Differences

Psychological Causal Factors

Biological Causal Factors

Treatments

Social Phobia

Prevalence, Age of Onset, and Gender

Differences

Psychological Causal Factors

DSM-5 Criteria for . . . Social Anxiety Disorder (Social
Phobia)

Table of Contents

Biological Causal Factors

Treatments

Panic Disorder

DSM-5 Criteria for . . . Panic Disorder

Agoraphobia

Prevalence, Age of Onset, and Gender

Differences

DSM-5 Criteria for . . . Agoraphobia

Comorbidity with Other Disorders

The Timing of a First Panic Attack

Biological Causal Factors

Psychological Causal Factors

Developments in Research Nocturnal Panic Attacks

Treatments

Generalized Anxiety Disorder

DSM-5 Criteria for . . . Generalized Anxiety Disorder

Prevalence, Age of Onset, and Gender

Differences

Comorbidity with Other Disorders

Psychological Causal Factors

Biological Causal Factors

Treatments

Obsessive-Compulsive and Related Disorders

Obsessive-Compulsive Disorder

Thinking Critically about DSM-5 Why Is OCD No Longer Considered to Be an Anxiety Disorder?

DSM-5 Criteria for . . . Obsessive-Compulsive Disorder

Prevalence, Age of Onset, and Gender

Differences

Comorbidity with Other Disorders

Psychological Causal Factors

Biological Causal Factors

Treatments

Body Dysmorphic Disorder

DSM-5 Criteria for . . . Body Dysmorphic Disorder

Table of Contents

Hoarding Disorder

Trichotillomania

Cultural Perspectives

The World Around Us Taijin Kyofusho

Unresolved Issues The Choice of Treatments: Medications or Cognitive-Behavior Therapy?

Summary

Key Terms

7 Mood Disorders and Suicide

Mood Disorders: An Overview

Types of Mood Disorders

DSM-5 Criteria for . . . Major Depressive Disorder

The Prevalence of Mood Disorders

DSM-5 Criteria for . . . Manic Episode

Unipolar Depressive Disorders

Major Depressive Disorder

Persistent Depressive Disorder

DSM-5 Criteria for . . . Persistent Depressive Disorder

Other Forms of Depression

Thinking Critically about DSM-5 Was It Wise to Drop the Bereavement Exclusion for Major Depression?

Developments in Thinking A New DSM-5 Diagnosis: Premenstrual Dysphoric Disorder

Causal Factors in Unipolar Mood Disorders

Biological Causal Factors

Psychological Causal Factors

Developments in Research Why Do Sex Differences in Unipolar Depression Emerge During Adolescence?

Bipolar and Related Disorders

Cyclothymic Disorder

Bipolar Disorders (I and II)

Causal Factors in Bipolar Disorders

Biological Causal Factors

Psychological Causal Factors

Table of Contents

Sociocultural Factors Affecting Unipolar and Bipolar Disorders

- Cross-Cultural Differences in Depressive Symptoms

- Cross-Cultural Differences in Prevalence

Treatments and Outcomes

- Pharmacotherapy

- Alternative Biological Treatments

- Psychotherapy

Suicide: The Clinical Picture and the Causal Pattern

- Who Attempts and Dies by Suicide?

- Psychological Disorders

The World Around Us Warning Signs for Suicide

- Other Psychosocial Factors Associated with Suicide

- Biological Factors

- Theoretical Models of Suicidal Behavior

Suicide Prevention and Intervention

- Treatment of Mental Disorders

- Crisis Intervention

- Focus on High-Risk Groups and Other Measures

Unresolved Issues Is There a Right to Die?

- Summary

- Key Terms

8 Somatic Symptom and Dissociative Disorders

- Somatic Symptom and Related Disorders: An Overview

- Somatic Symptom Disorder

- DSM-5 Criteria for . . . Somatic Symptom Disorder

- Causes of Somatic Symptom Disorder

- Treatment of Somatic Symptom Disorder

- Disorder

- Illness Anxiety Disorder

Table of Contents

DSM-5 Criteria for . . . Illness Anxiety Disorder

Conversion Disorder (Functional Neurological Symptom Disorder)

DSM-5 Criteria for . . . Conversion Disorder

Range of Conversion Disorder

Symptoms

Important Issues in Diagnosing Conversion Disorder

Prevalence and Demographic

Characteristics

Causes of Conversion Disorders

Developments in Research What Can Neuroimaging Tell Us about Conversion Disorder?

Treatment of Conversion Disorder

Developments in Practice Treatment of a Patient Who Was Mute

Factitious Disorder

DSM-5 Criteria for . . . Factitious Disorder

Distinguishing Between Different Types of Somatic Symptom and Related Disorders

Dissociative Disorders: An Overview

Depersonalization/Derealization Disorder

DSM-5 Criteria for . . . Depersonalization/Derealization Disorder

Dissociative Amnesia

DSM-5 Criteria for . . . Dissociative Amnesia

Thinking Critically about DSM-5 Where Does Conversion Disorder Belong?

Dissociative Identity Disorder

DSM-5 Criteria for . . . Dissociative Identity Disorder

The World Around Us DID, Schizophrenia, and Split Personality: Clearing Up the Confusion

Causal Factors and Controversies about DID

Current Perspectives

Table of Contents

Cultural Factors, Treatments, and Outcomes in Dissociative Disorders

Cultural Factors in Dissociative Disorders

Treatment and Outcomes in Dissociative Disorders

Unresolved Issues DID and the Reality of "Recovered Memories"

Summary

Key Terms

9 Eating Disorders and Obesity

Clinical Aspects of Eating Disorders

Anorexia Nervosa

DSM-5 Criteria for . . . Anorexia Nervosa

Bulimia Nervosa

DSM-5 Criteria for . . . Bulimia Nervosa

Binge-Eating Disorder

DSM-5 Criteria for . . . Binge-Eating Disorder

Age of Onset and Gender Differences

Thinking Critically about DSM-5 Other Forms of Eating Disorders

Prevalence of Eating Disorders

Medical Complications of Eating Disorders

Course and Outcome

Diagnostic Crossover

Association of Eating Disorders with Other Forms of Psychopathology

Eating Disorders Across Cultures

The World Around Us Ethnic Identity and Disordered Eating

Risk and Causal Factors in Eating Disorders

Biological Factors

Sociocultural Factors

Family Influences

Individual Risk Factors

Treatment of Eating Disorders

Table of Contents

Treatment of Anorexia Nervosa

Treatment of Bulimia Nervosa

Developments in Practice New Options for Adults with Anorexia Nervosa

Treatment of Binge-Eating Disorder

The Problem of Obesity

Medical Issues

Definition and Prevalence

Weight Stigma

The World Around Us Do Negative Messages about Being Overweight Encourage Overweight People to Eat More or Less?

Obesity and the DSM

Risk and Causal Factors in Obesity

The Role of Genes

Hormones Involved in Appetite and Weight

Regulation

Sociocultural Influences

Family Influences

Stress and "Comfort Food"

Pathways to Obesity

Treatment of Obesity

Lifestyle Modifications

Medications

Bariatric Surgery

The Importance of Prevention

Unresolved Issues The Role of Public Policy in the Prevention of Obesity

Summary

Key Terms

10 Personality Disorders

Clinical Features of Personality

Disorders

Challenges in Personality Disorders

Research

Difficulties in Diagnosing Personality

Disorders

Difficulties in Studying the Causes of Personality

Disorders

Thinking Critically about DSM-5 Why Were No Changes Made to the Way Personality Disorders Are

Table of Contents

Diagnosed?

Cluster A Personality Disorders

Paranoid Personality Disorder

DSM-5 Criteria for . . . Paranoid Personality Disorder

Schizoid Personality Disorder

DSM-5 Criteria for . . . Schizoid Personality Disorder

Schizotypal Personality Disorder

DSM-5 Criteria for . . . Schizotypal Personality Disorder

Cluster B Personality Disorders

Histrionic Personality Disorder

DSM-5 Criteria for . . . Histrionic Personality Disorder

Narcissistic Personality Disorder

DSM-5 Criteria for . . . Narcissistic Personality Disorder

Antisocial Personality Disorder

DSM-5 Criteria for . . . Antisocial Personality Disorder

Borderline Personality Disorder

Thinking Critically about DSM-5 Nonsuicidal Self-Injury: Distinct Disorder or Symptom of Borderline Personality Disorder?

DSM-5 Criteria for . . . Borderline Personality Disorder

Cluster C Personality Disorders

Avoidant Personality Disorder

DSM-5 Criteria for . . . Avoidant Personality Disorder

Dependent Personality Disorder

DSM-5 Criteria for . . . Dependent Personality Disorder

Obsessive-Compulsive Personality Disorder

DSM-5 Criteria for . . . Obsessive-Compulsive Personality Disorder

General Sociocultural Causal Factors for Personality Disorders

Table of Contents

Causal Factors in Psychopathy

A Developmental Perspective on

Psychopathy

Treatments and Outcomes in Psychopathic

Personality

Unresolved Issues DSM-5: How Can We Improve the Classification of Personality

Disorders?

Summary

Key Terms

11 Substance-Related Disorders

Alcohol-Related Disorders

The Prevalence, Comorbidity, and Demographics of Alcohol Abuse and
Dependence

DSM-5 Criteria for . . . Alcohol Use

Disorder

The Clinical Picture of Alcohol-Related

Disorders

Developments in Research Fetal Alcohol Syndrome: How Much Drinking Is Too

Much? Causal Factors in the Abuse of and Dependence on Alcohol

Biological Causal Factors in Alcohol Abuse and
Dependence

Psychosocial Causal Factors in Alcohol Abuse and
Dependence

The World Around Us Binge Drinking in

Table of Contents

College

Sociocultural Causal Factors

Treatment of Alcohol-Related Disorders

Use of Medications in Treating Alcohol Abuse and Dependency

Psychological Treatment Approaches

Controlled Drinking versus Abstinence

Alcoholics Anonymous

Outcome Studies and Issues in Treatment

Relapse Prevention

Drug Abuse and Dependence

Opium and Its Derivatives

Biological Effects of Morphine and Heroin

Social Effects of Morphine and Heroin

Causal Factors in Opiate Abuse and Dependence

Neural Bases for Physiological Addiction

Addiction Associated with Psychopathology

Treatments and Outcomes

Stimulants

Cocaine

Amphetamines

Methamphetamine

Caffeine and Nicotine

Thinking Critically about DSM-5 Can Changes to the Diagnostic Criteria Result in Increased Drug Use?

Sedatives

Effects of Barbiturates

Causal Factors in Barbiturate Abuse and Dependence

Treatments and Outcomes

Hallucinogens

LSD

Mescaline and Psilocybin

Table of Contents

Ecstasy

Marijuana

The World Around Us Should Marijuana Be Marketed and Sold Openly as a Medication?

Gambling Disorder

DSM-5 Criteria for . . . Gambling Disorder

Unresolved Issues Exchanging Addictions: Is This an Effective Treatment Approach?

Summary

Key Terms

12 Sexual Variants, Abuse, and Dysfunctions

Sociocultural Influences on Sexual Practices and Standards

Case 1: Degeneracy and Abstinence Theory

Case 2: Ritualized Homosexuality in Melanesia

Case 3: Homosexuality and American Psychiatry

Paraphilic Disorders

Fetishistic Disorder

DSM-5 Criteria for . . . Several Different Paraphilic Disorders

Transvestic Disorder

Voyeuristic Disorder

Exhibitionistic Disorder

Frotteuristic Disorder

Sexual Sadism Disorder

Sexual Masochism Disorder

Causal Factors and Treatments for Paraphilias

Gender Dysphoria

DSM-5 Criteria for . . . Gender Dysphoria in Children

DSM-5 Criteria for . . . Gender Dysphoria in Adolescents and Adults

Treatment for Gender Dysphoria

Transsexualism

Treatment for Transsexualism

Table of Contents

Sexual Abuse

Childhood Sexual Abuse

Pedophilic Disorder

Thinking Critically about DSM-5 Pedophilia and Hebephilia

Incest
