EDITION

# Fundamentals of Human Resource Management

FIFTH EDITION

Gary Dessler

**Pearson eText** enhances student learning—both in and outside the classroom. Take notes, highlight, and bookmark. Accessible anytime, anywhere via MyLab or the app.

% of students who found learning tool helpful

86%

of students would tell their instructor to keep using MyLab Management

The **MyLab Gradebook** offers an easy way for students and instructors to view course performance. Item Analysis allows instructors to quickly see trends by analyzing details like the number of students who answered correctly/incorrectly, time on task, and median time spend on a question by question basis. And because it's correlated with the AACSB Standards, instructors can track students' progress toward outcomes that the organization has deemed important in preparing students to be **leaders**.

*"I was able to find myself actually learning at home rather than memorizing things for a class."*

— Katherine Vicente, Student at County College of Morris
