Preface

Acknowledgments

Global Edition Acknowledgments

Brief Contents

Contents

PART I The Fundamentals

Chapter 1

The Nature and Tools of Research

What Research Is Not

What Research Is

Philosophical Assumptions Underlying Research Methodologies

Tools of Research

The Library and Its Resources

Computer Technology

Measurement

Statistics

Language

PRACTICAL APPLICATION: Communicating Effectively Through Writing

GUIDELINES: Writing to Communicate

GUIDELINES: Using the Tools in WordProcessing Software

The Human Mind

Critical Thinking

Deductive Logic

Inductive Reasoning

Scientific Method

Theory Building

Collaboration with Other Minds

Reflections on Noteworthy Research

Exploring Research in Your Field

PRACTICAL APPLICATION: Identifying Important Tools in Your Discipline

CHECKLIST: Interviewing an Expert Researcher

Application Exercises

For Further Reading

PART II Focusing Your Research Efforts

Chapter 2

The Problem: The Heart of the Research Process

Finding Research Projects

PRACTICAL APPLICATION: Identifying and Presenting the Research Problem or Question

Table of Contents

GUIDELINES: Choosing an Appropriate Problem or Question

GUIDELINES: Writing a Purpose Statement

CHECKLIST: Evaluating a Purpose Statement

Dividing the Main Research Problem or Question into Subproblems

Subproblems Versus PseudoSubproblems

Characteristics of Subproblems

Identifying Subproblems

Taking a PaperandPencil Approach

Using MindMapping (Brainstorming) Software

Every Research Problem Needs Further Delineation

Identifying a Relevant Theoretical or Conceptual Framework

Stating Hypotheses

Distinguishing Between Research Hypotheses and Null Hypotheses in Quantitative Research

Identifying the General Concepts and Possibly Also Specific Variables That Are the Focus of the Investigation

CONCEPTUAL ANALYSIS EXERCISE: Identifying Independent, Dependent, Mediating, and Moderating Variables

Defining Terms

Stating Assumptions

Identifying Delimitations and Limitations

Importance of the Study

Writing the First Chapter or Section of a Research Proposal

PRACTICAL APPLICATION: Writing the First Section of a Proposal

Checklist: Evaluating Your Proposed Research Project

PRACTICAL APPLICATION: Reappraising a Proposed Research Problem

Guidelines: FineTuning Your Research Problem or Question

Application Exercises

For Further Reading

Chapter 3

Review of the Related Literature

Understanding the Role of the Literature Review

Strategies for Locating Related Literature

Using the Library Catalog

Using Online Databases

Consulting with Reference Librarians

Surfing the Internet

Using Citations and Reference Lists of Scholars Who Have Gone Before You

Identifying Your Sources: The Importance of Adhering to an Appropriate Style Manual

PRACTICAL APPLICATION: Planning a Literature Search

GUIDELINES: Using Your Library Time Efficiently

PRACTICAL APPLICATION: Evaluating the Research of Others

CHECKLIST: Evaluating a Research Article

Knowing When to Quit

Organizing and Synthesizing the Literature into a Cohesive Review

PRACTICAL APPLICATION: Writing the Literature Review

GUIDELINES: Writing a Clear and Cohesive Literature Review

A Sample Literature Review

Application Exercises

For Further Reading

Chapter 4

Table of Contents

Planning Your Research Project

Planning a General Approach

Research Planning Versus Research Methodology

The Nature and Role of Data in Research

Data Are Transient and Ever Changing

Primary Data Versus Secondary Data

Planning for Data Collection

Linking Data and Research Methodology

Comparing Quantitative and Qualitative Methodologies

Combining Quantitative and Qualitative Designs

PRACTICAL APPLICATION: Choosing a General Research Approach

GUIDELINES: Deciding Whether to Use a Quantitative or Qualitative Approach

Choosing Methods That Enhance the Value of Your Research Project

Enhancing the Credibility of Your Findings

Enhancing the Generalizability of Your Findings

Choosing Appropriate Assessment Strategies

Distinguishing Between Substantial and Intangible Phenomena

Assessing Intangible Phenomena: An Example

Types of Measurement Scales

Nominal Scales

Ordinal Scales

Interval Scales

Ratio Scales

CONCEPTUAL ANALYSIS EXERCISE: Identifying Scales of Measurement

Validity and Reliability in Assessment

Validity of Assessment Strategies

Reliability of Assessment Strategies

Thinking of Validity and Reliability as Reflections of Error in Your Assessments

CONCEPTUAL ANALYSIS EXERCISE: Identifying Problems with Validity and Reliability in Assessment Strategies

Ethical Issues in Research

Protection from Harm

Voluntary and Informed Participation

Right to Privacy

Honesty with Professional Colleagues

Institutional Review Boards

Professional Codes of Ethics

PRACTICAL APPLICATION: Planning an Ethical Research Study

CHECKLIST: Determining Whether Your Proposed Study Is Ethically Defensible

Critically Scrutinizing Your Overall Plan

PRACTICAL APPLICATION: Judging the Feasibility of a Research Project

CHECKLIST: Determining Whether a Proposed Research Project Is Realistic and Practical

When You Cant Anticipate Everything in Advance: The Value of a Pilot Study

PRACTICAL APPLICATION: Developing a Plan of Attack

Using Project Management Software and Electronic Planners

Keeping an Optimistic and TaskOriented Outlook

Application Exercises

For Further Reading

Chapter 5

Writing the Research Proposal

Characteristics of a Proposal

A Proposal Is a Straightforward Document

Table of Contents

A Proposal Is Not a Literary Production

A Proposal Is Clearly Organized

Organizing and Writing a Research Proposal

Formatting Headings and Subheadings

PRACTICAL APPLICATION: Writing Your Proposal

GUIDELINES: Writing the First Draft

GUIDELINES: Revising Your Proposal

PRACTICAL APPLICATION: Strengthening Your Proposal

CHECKLIST: Evaluating an Early Draft of a Research Proposal

Final Thoughts About Proposal Writing

A Sample Research Proposal

Application Exercises

For Further Reading

PART III Research Designs

Chapter 6

Descriptive Research

Descriptive Research Designs

Observation Studies

Correlational Research

A Caution About Interpreting Correlational Results

Developmental Designs

ExperienceSampling Methods

Survey Research

Face-to-Face and Telephone Interviews

Questionnaires

Planning for Data Collection in a Descriptive Study

PRACTICAL APPLICATION: Using Checklists, Rating Scales, and Rubrics

PRACTICAL APPLICATION: Computerizing Observations

PRACTICAL APPLICATION: Planning and Conducting Interviews in a Quantitative Study

GUIDELINES: Conducting Interviews in a Quantitative Study

PRACTICAL APPLICATION: Constructing and Administering a Questionnaire

GUIDELINES: Constructing a Questionnaire

GUIDELINES: Using Technology to Facilitate Questionnaire Administration and Data Analysis

GUIDELINES: Maximizing Your Return Rate for a Questionnaire

PRACTICAL APPLICATION: Using the Internet to Collect Data for a Descriptive Study

Choosing a Sample in a Descriptive Study

Sampling Designs

Probability Sampling

Nonprobability Sampling

Sampling in Surveys of Very Large Populations

PRACTICAL APPLICATION: Identifying a Sufficient Sample Size

PRACTICAL APPLICATION: Choosing an Appropriate Sample in Descriptive Research

CHECKLIST: Considering the Nature of the Population When Identifying Your Sampling Procedure

Common Sources of Bias in Descriptive Studies

Sampling Bias

Instrumentation Bias

Response Bias

Researcher Bias

Table of Contents

PRACTICAL APPLICATION: Acknowledging the Probable Presence of Bias in

Descriptive Research

GUIDELINES: Identifying Possible Sampling Bias in Questionnaire Research

CHECKLIST: Identifying Potential Sources of Bias in a Descriptive Study

Interpreting Data in Descriptive Research

Some Final Suggestions

A Sample Dissertation

Application Exercises

For Further Reading

Chapter 7

Experimental, QuasiExperimental, and Ex Post Facto Designs

The Importance of Control

Controlling for Confounding Variables

Types of Experimental, QuasiExperimental, and Ex Post Facto Designs

PreExperimental Designs

Design 1: OneShot Experimental Case Study

Design 2: OneGroup Pretest–Posttest Design

Design 3: Static Group Comparison

True Experimental Designs

Design 4: ControlGroup Pretest–Posttest Design

Design 5: Solomon FourGroup Design

Design 6: ControlGroup PosttestOnly Design

Design 7: WithinSubjects Design

QuasiExperimental Designs

Design 8: Nonrandomized ControlGroup Pretest–Posttest Design

Design 9: Simple TimeSeries Design

Design 10: ControlGroup TimeSeries Design

Design 11: Reversal TimeSeries Design

Design 12: AlternatingTreatments Design

Design 13: MultipleBaseline Design

Using Designs 11, 12, and 13 in SingleCase Intervention Research

Ex Post Facto Designs

Design 14: Simple Ex Post Facto Design

Factorial Designs

Design 15: TwoFactor Experimental Design

Design 16: Combined Experimental and Ex Post Facto Design

CONCEPTUAL ANALYSIS EXERCISE: Identifying Quantitative Research Designs

PRACTICAL APPLICATION: Determining Possible CauseandEffect Relationships

CHECKLIST: Looking for Confounding Variables

MetaAnalyses

Conducting Experiments on the Internet

Testing Your Hypotheses, and Beyond

PRACTICAL APPLICATION: Acknowledging the Probable Presence of Bias in

Experimental Research

CHECKLIST: Identifying Potential Sources of Bias and Potential Threats to

External Validity in an Experimental, QuasiExperimental, or Ex Post Facto

Study

A Sample Dissertation

Application Exercises

For Further Reading

Chapter 8

Table of Contents

Qualitative Research Methods

Research Problems and Methodology Choice in Qualitative Research

Potential Advantages of a Qualitative Approach

Qualitative Research Designs

Case Study

Ethnography

Phenomenological Study

Grounded Theory Study

Narrative Inquiry

Content Analysis

CONCEPTUAL ANALYSIS EXERCISE: Choosing a Qualitative Research Design

Collecting Data in Qualitative Research

PRACTICAL APPLICATION: Ensuring That Qualitative Data Collection Yields Credible, Trustworthy Data

PRACTICAL APPLICATION: Selecting an Appropriate Sample for a Qualitative Study

PRACTICAL APPLICATION: Making Observations in a Qualitative Study

PRACTICAL APPLICATION: Planning and Conducting Interviews in a Qualitative Study

GUIDELINES: Conducting a Productive Interview

An Example in International Relations

Using Technology to Facilitate Collection of Interview Data

Criteria for Evaluating Qualitative Research

PRACTICAL APPLICATION: Planning the Logistics of a Qualitative Study

CHECKLIST: Pinning Down the Methodology of a Qualitative Study

A Sample Dissertation

Application Exercises

For Further Reading

Chapter 9

MixedMethods Designs

When MixedMethods Designs Are Most Useful and Appropriate

General Categories of MixedMethods Research

Convergent Designs

Exploratory Sequential Designs

Explanatory Sequential Designs

Longitudinal MixedMethods Designs

Multiphase Iterative Designs

CONCEPTUAL ANALYSIS EXERCISE: Identifying MixedMethods Research Designs

Planning a MixedMethods Study

Identifying Research Questions and Hypotheses

Conducting the Literature Review

Choosing One or More Appropriate Samples

Ensuring That the Study Will Have Reasonable Credibility

Analyzing and Interpreting the Data

Special Ethical Considerations in MixedMethods Research

PRACTICAL APPLICATION: Deciding Whether to Use a MixedMethods Design

CHECKLIST: Pinning Down the Logistics and Feasibility of a MixedMethods Study

A Sample Dissertation

Application Exercises

For Further Reading

Chapter 10

Action Research and Participatory Designs

ActionOriented Models and Designs

Table of Contents

Action Research/Teacher Research
DesignBased Research (DBR)
Participatory Action Research (PAR) and Youth Participatory Action Research (YPAR)
CommunityBased Research (CBR) Models
 CourseBased Action Research
 CommunityBased Participatory Research
 CommunityBased Qualitative Research
 CONCEPTUAL ANALYSIS EXERCISE: Choosing an ActionOriented Design
PRACTICAL APPLICATION: Deciding Whether to Use Action Research and/or a Participatory Design
 CHECKLIST: Pinning Down the Logistics and Feasibility of Action Research, a Participatory Design, or a Combination of the Two

Data Collection and Analysis in Action Research

Disseminating the Findings of Action Research Projects

PRACTICAL APPLICATION: Using Community Forums as a Means of Disseminating the Results of Action Research and Participatory Research Projects
GUIDELINES: Planning and Conducting an Effective Community Forum

A Sample Research Report

Application Exercises

For Further Reading

PART IV Data Analyses

Chapter 11

Analyzing Quantitative Data

Exploring and Organizing a Data Set

Organizing Data to Make Them Easier to Think About and Interpret
Using Computer Spreadsheets to Organize and Analyze Data

Choosing Appropriate Statistics

Functions of Statistics
 Statistics as Estimates of Population Parameters
Considering the Nature of the Data
 SingleGroup Versus MultiGroup Data
 Continuous Versus Discrete Variables
 Nominal, Ordinal, Interval, and Ratio Data
 Normal and NonNormal Distributions
 Choosing Between Parametric and Nonparametric Statistics

Descriptive Statistics

Measures of Central Tendency
 Curves Determine Means
 Measures of Central Tendency as Predictors
Measures of Variability: Dispersion and Deviation
 How Great Is the Spread?
 Using the Mean and Standard Deviation to Calculate Standard Scores
 Keeping Measures of Central Tendency and Variability in Perspective
Measures of Association: Correlation
 How Validity and Reliability of Assessment Strategies Affect Correlation Coefficients
 A Reminder About Correlations

Inferential Statistics

Estimating Population Parameters
 An Example: Estimating a Population Mean
 Point Versus Interval Estimates
Testing Hypotheses

Table of Contents

Making Errors in Hypothesis Testing
Examples of Statistical Techniques for Testing Hypotheses

MetaAnalysis

Using Statistical Software Packages

Interpreting the Data

PRACTICAL APPLICATION: Analyzing and Interpreting Data in a Quantitative Study

CHECKLIST: Choosing Statistical Procedures

A Sample Dissertation

Application Exercises

For Further Reading

Chapter 12

Analyzing Qualitative and MixedMethods Data

Qualitative Analysis Strategies

General Strategies for Organizing and Analyzing Qualitative Data

Creswells Data Analysis Spiral

An Example: Data Analysis in a Grounded Theory Study

An Example: Data Analysis in a Content Analysis Study

An Example: Data Analysis in an Ethnographic Study

PRACTICAL APPLICATION: Using Computer Databases to Facilitate Data Organization and Analysis

Acknowledging the Role of Researcher as Instrument in Qualitative Research

PRACTICAL APPLICATION: Planning Data Analysis for a Qualitative Study

CHECKLIST: Pinning Down the Data Analysis in a Qualitative Study

Analyzing and Interpreting MixedMethods Data

PRACTICAL APPLICATION: Using Computer Software Programs to Facilitate MixedMethods Data Analysis

Systematic Reviews of Qualitative and MixedMethods Studies

PRACTICAL APPLICATION: Observing How Experienced Researchers Have Conducted Qualitative and MixedMethods Research

CHECKLIST: Evaluating a Qualitative or MixedMethods Study

A Sample Dissertation

Application Exercises

For Further Reading

PART V Research Reports

Chapter 13

Planning and Preparing a Final Research Report

Getting Started

Surfing the Internet for Writing Assistance

Learn by Looking

Essential Elements of a Research Report

Explanation of the Research Problem or Question

Description of Study Design and DataCollection Methods

Presentation of the Data and Their Analyses

Interpretations of the Data

Identification of Possible Weaknesses of the Study

Summary and Connections to a Broader Context

Maintaining Your Academic Integrity

Front Matter and End Matter

Preliminary Pages

Footnotes and Endnotes

Reference List

Table of Contents

Appendix Content

Organizing a Research Report

Writing and Finishing a Report

PRACTICAL APPLICATION: Writing Your Final Report

GUIDELINES: Writing a Clear, Coherent Report

PRACTICAL APPLICATION: Developing a Writing Schedule

GUIDELINES: Pinning Down and Adhering to a Workable Schedule

PRACTICAL APPLICATION: Critiquing a Final Research Report

CHECKLIST: Criteria for Critiquing a Research Report

Beyond the Unpublished Research Report: Presenting and Publishing

Conference Presentations

PRACTICAL APPLICATION: Presenting Your Research at a Professional Conference

GUIDELINES: Presenting an Effective Paper or Poster

Journal Articles

Sharing Authorship

Responding to Reviewers Critiques

A Closing Thought

Application Exercises

For Further Reading

Appendices

Appendix A Using a Spreadsheet: Microsoft Excel

Using Excel to Keep Track of Literature Resources

Using Excel to Record and Recode Data

Reorganizing Data in Excel

Using Excel to Perform Simple Statistical Analyses

Appendix B Using SPSS

Creating a Data Set

Computing Basic Descriptive Statistics

Computing Inferential Statistics
